

Synthetic Grass Rebate Credit Application

Synthetic Grass Rebate is \$1 per square foot with a maximum rebate of \$300.

Note: To receive a rebate, the installed synthetic grass must be replacing existing grass. If a sprinkler system is in place for the existing grass, the portion serving the synthetic grass must be removed.

IMPORTANT: Read and sign the back of this application and retain the yellow copy for your records. Attach original sales receipt(s) with this application. Mail to: Soquel Creek Water District, P.O. Box 158, Soquel, CA 95073.

Synthetic grass - Customer Agreement

Funding for this rebate program is limited. Applications will be processed on a first-come, first-served basis. The synthetic grass rebate is for \$1 per square foot with a maximum of \$300. This credit does not apply to sales tax or installation charges. Contact the District at (831) 475-8500 with questions.

Rebate Eligibility Requirements:

- Synthetic grass must be installed at a location served by the Soquel Creek Water District (SCWD).
- The synthetic turf must replace natural grass that existed before the synthetic turf was installed.
- If an irrigation system was present to water the natural grass, that portion of the irrigation system that serves the synthetic turf must be removed.
- Rebate credits will be paid to the Soquel Creek Water District customer of record only. Customer's accounts must be in good standing to receive a credit. Balance of credit is forfeited if customer moves out of District service area prior to receiving full credit.
- **An original, dated sales receipt must be provided.**
- A representative of SCWD must be permitted to inspect the property before the natural grass is removed and after the synthetic grass is installed.
- Soquel Creek Water District does not endorse or recommend specific brands, products or dealers; nor does it guarantee materials or workmanship; acceptance of such is customer's responsibility.
- This is a program to provide financial assistance to Soquel Creek Water District customers wishing to install synthetic grass at their homes or places of business. Installation of the grass is the sole responsibility of the applicant. Soquel Creek Water District assumes no responsibility or liability for any damage that may occur to an applicant's property as a result of participation in this program. Due to circumstances beyond its control, the District cannot guarantee that installation of synthetic grass will result in lower utility costs.
- The applicant is solely responsible for the disposal of all materials associated with the installation of the synthetic grass (including, but not limited to, soil, grass, irrigation piping, synthetic turf remnants, etc.) The Soquel Creek Water District assumes no responsibility or liability. Please recycle materials when possible.

Procedure:

- Call the District for a pre-installation site inspection or include a photo of existing grass with rebate application.
- Complete and return your application and attach an original sales receipt.
- An on-site inspection may be required prior to the issuance of the credit.
- Allow three weeks from the date of inspection for processing of your credit. The credit will appear on a subsequent water bill.

I have read, understand, and agree to the terms and conditions as stated above.
