### Addendum No. 2

---

The contract documents for the **Park Wilshire Tank Recoat** project have been changed as follows:

- The District requires a full prime coat over the entire tank.
- Power is unavailable at the site. The contractor will be required to provide generators and sound blankets for all noise making equipment running after normal business hours.
- The District requires a sacrificial type anti-graffiti barrier coating (Prmakote or approved equal) be applied to the lower two rings of the tank.
- The dimensions of the tank are 38 feet in diameter and 24 feet in height.
- Barbed wire located on the overflow pipe will require removal during recoating and will need to be replaced upon project completion.

Please adjust bids accordingly. If you would like a hard copy of this addendum, you may pick one up at the District Office, 5180 Soquel Drive, Soquel, CA 95073.

**The Bid Date has been changed to September, 15, 2005.**

Bidder acknowledges receipt of this addendum, which shall be attached to and made a part of the proposal.
