

INVITATION TO BID

INVITATION TO BID UPCOMING PROJECT: TANK SEISMIC RETROFIT PHASE II CWO 06-20 SOQUEL & WATSONVILLE, CA

PROJECT DESCRIPTION:

The work will consist of installing one (1) 8-inch EBAA Iron "Flex Tend[®]" flexible coupling, piping, valves, and related appurtenances to provide seismic isolation for Pringle Tank, a 300,000 gallon potable water storage reservoir, and installing one (1) 12-inch EBAA Iron "Flex Tend[®]" flexible coupling, piping, valves, and related appurtenances to provide seismic isolation for Larkin Valley Tank, a 400,000 gallon potable water storage reservoir. Work will include overflow pipe connections, shut down and system tie-ins, backfill, compaction, and paving. The Pringle tank site work will also include repair of an existing catch basin and 30± L.F. of 15-inch ADS HDPE storm drain (outside the traveled roadway). Pringle tank is located within the Northern portion of the District boundary in Soquel, Santa Cruz County. Larkin Valley tank is located outside of the Southern portion of the District boundary in Watsonville, Santa Cruz County.
