

**INVITATION TO BID UPCOMING
CAPITAL IMPROVEMENT PROJECT:**

**GRANITE WAY WELL SITE IMPROVEMENTS
PROJECT**

**CWO 11-137
Aptos, CA**

PROJECT DESCRIPTION:

The Granite Way Well Site Improvements project connects a new well pump to the existing 8-inch raw water pipe below grade, which carries the well water to a local iron and manganese treatment facility. The District has supplied and installed the well pump and built the well head pedestal, and is in the process of procuring the electrical cabinet with the Motor Control Center, VFD, PG&E service. The Contractor shall furnish all labor, materials, equipment and incidentals required to complete the site improvements, pipe and valve improvements, and the installation and connection of the variable frequency drive and associated electrical/controls panel, and supplying and installing the PG&E transformer and joint trench as listed below.

The work includes:

- Grading, fence and gate installation, aggregate base and bollards
- Pumping manifold piping, flow meter and valving
- Well pump to waste discharge piping and storm drain connection.
- Installation of electrical panels, wiring, testing and concrete pads
- Coordination of District supplied instrumentation and controls for manual and remote automation
- Installation of PG&E transformer and PG&E side conduit
- And all other incidental work in Aptos, California.

The well site will operate in rotation with the Aptos Creek and T-Hopkins wells, based on SCADA set levels for the tanks within the Soquel Creek Water District's service areas.

Work is located in Aptos, CA.

This project is subject to the requirements of Section 1770 et seq. of the California Labor Code requiring the payment of prevailing wages, the training of apprentices and compliance with other applicable requirements. District has on file at its main office access to prevailing rate of per diem wages to be paid to all applicable workers. The prevailing wage rate determinations on file with District shall be made available to all interested parties upon reasonable request during normal business hours. Prevailing wage information may also be obtained via the internet at: www.dir.ca.gov. This project is subject to other Labor Compliance Requirements of California Labor Code and contractors will be required to submit all required documentation as a prerequisite to progress and final payments.

Work will be done and progress payments made in cash in accordance with the plans and specifications approved by the Board of Directors on April 2, 2019.

ENGINEER'S ESTIMATE: ~\$590,000
