

**INVITATION TO BID UPCOMING
CAPITAL IMPROVEMENT PROJECT:**

SERVICE AREA 3 TO 4 INTERTIE PROJECT

**CWO 14-012
Aptos, CA**

PROJECT DESCRIPTION:

The Service Area Intertie work includes:

- Installation of District supplied Pressure Reducing Valve (PRV) vault and District supplied Remote Telemetry Cabinet including underground PG&E Electrical Service
- Supply and installation of 1,225 L.F. of 12-inch PVC pipeline
- Supply and installation of 700 L.F. of 12-inch fusible PVC pipeline using Horizontal Directional Drilling (HDD)
- Shoring and bracing
- Excavation and Restoration of entry and exit HDD pits
- Connections to existing water distribution systems
- And all other incidental work.

Work is located in Aptos, CA.

This project is subject to the requirements of Section 1770 et seq. of the California Labor Code requiring the payment of prevailing wages, the training of apprentices and compliance with other applicable requirements. District has on file at its main office access to prevailing rate of per diem wages to be paid to all applicable workers. The prevailing wage rate determinations on file with District shall be made available to all interested parties upon reasonable request during normal business hours. Prevailing wage information may also be obtained via the internet at: www.dir.ca.gov. This project is subject to other Labor Compliance Requirements of California Labor Code and contractors will be required to submit all required documentation as a prerequisite to progress and final payments.

Work will be done and progress payments made in cash in accordance with the plans and specifications approved by the Board of Directors on June 19, 2018 and the Standard Specifications and Standard Plans adopted by the Board of Directors August 2, 1994 and any subsequent updates.
