

Self-Activated Hot Water Recirculation Systems

Soquel Creek Water District (**SqCWD**) offers rebates to customers for self-activated or on-demand hot water recirculation systems only. ***Timer-controlled and thermostat-controlled systems are not rebated.**

A hot water recirculation system is a small water pump that works in conjunction with a plumbing system and a hot water heater to more quickly provide hot water to the plumbing fixture (i.e. showerhead/bath faucet, bathroom faucet, or kitchen sink) most distant from the hot water heater. Unheated water left in the plumbing line is recirculated back to the hot water heater as opposed to running down the drain, thereby saving water. Please see our website at www.soquelcreekwater.org for more information on our self-activated hot water recirculation system rebate or call (831) 475-8500 for assistance.

Please read the Rebate Program Requirements on the backside of this Application. All rebate applications require the signature of the property owner (if different than the applicant).

If you need the original receipt(s) returned, please enclose a self-addressed, stamped envelope with your rebate application. For online purchases, a print out of the final invoice and an original packing or delivery slip is required.
2. All rebate applications must be signed by the legal property owner.
3. To qualify for a hot water recirculation system rebate, the system must be self-activated (i.e. activated by a button, switch, or wireless remote). **Timer-controlled and thermostat-controlled hot water recirculation systems do not qualify for the rebate.**
4. The maximum number of hot water recirculation system rebates is one per property.
5. No rebate will exceed the purchase price of the item(s). Sales tax and labor are not rebated.
6. The rebated equipment must be installed at an existing Soquel Creek Water District (**SqCWD**) service address and must be installed prior to rebate request. New development is not eligible for rebates.
7. Rebates are applied as a credit that will appear on a subsequent water bill (see exceptions below). The account must be in good standing to receive a credit. Upon closing an account, any rebate credit balance will be mailed to the account holder. Allow four weeks from the date of rebate approval for credit processing.
8. You will be issued a check in lieu of a credit if: (1) your SqCWD water service is in the name of your Home Owner's Association or Condominium Board and you are the legal property owner of your dwelling unit; or (2) you are the legal property owner (but not the account holder) and you purchased the rebated item(s) for your rental property.
9. Installation of any rebated device, appliance or fixture is the sole responsibility of the applicant, as is determination of the adequacy and compatibility of the existing plumbing system.

If you have received rebates from SqCWD totaling \$600 or more in the current calendar year, you must submit a completed IRS W-9 form (see our website for a copy of this form) with your rebate application to receive a rebate. The Social Security or Tax ID number requested in the rebate application process is in compliance with exemptions to the Federal Privacy Act of 1974, 42 UCS 405(c)(2)(c).
