

**Pressure Reducing Valves**

Soquel Creek Water District offers rebates to customers who hire a licensed plumber to install a pressure reducing valve (PRV) on their service connection to reduce incoming water pressure greater than 80 pounds per square inch (psi).

Installed after the water meter at homes or commercial buildings, PRVs automatically reduce the pressure from the water supply main to a pre-set level (i.e. generally 60 to 65 psi) that is more suitable for efficient operation of irrigation systems, fixtures, and appliances. Higher water pressure in a building's plumbing results in higher water flows, resulting in water waste and higher energy and water heating costs, and can cause damage to plumbing pipes. Please see our website at [www.soquelcreekwater.org](http://www.soquelcreekwater.org) for more information on our pressure reducing valve rebate or call (831) 475-8500 for assistance.

**Please read the Rebate Program Requirements on the backside of this Application. All PRVs must be labeled as Lead-Free according to California State law. Additionally, PRVs must be installed by a licensed plumber. All rebate applications require the signature of the property owner (if different than the applicant).**

Indicate the manufacturer name and model of the PRV and the purchase price (excluding sales tax and labor). Complete the Account & Applicant Information below.

# Pressure Reducing Valve Rebate Application: Rules & Requirements

1. Rebate application must be submitted within 90 days of item(s) purchase. An original, dated sales receipt showing itemized cost for the rebated item must be provided. If you need the original receipt(s) returned, please enclose a self-addressed, stamped envelope with your rebate application. For online purchases, a print out of the final invoice and an original packing or delivery slip is required.
2. All rebate applications must be signed by the legal property owner.
3. To qualify for a pressure reducing valve (**PRV**) rebate, the static water pressure on the customer's side of the water meter must be 80 pounds per square inch (**psi**) or greater. Please verify the existing pressure with a licensed plumber, or contact the District's Conservation/Customer Service Field Department at (831) 475-8500.
4. The PRV must be labeled as Lead-Free in accordance with California State law.
5. The PRV must be installed by a licensed plumber.
6. The PRV must be set to a maximum of 65 psi and a minimum of 35 psi. Within this range, the customer can decide what setting best meets their needs.
7. The maximum number of PRV rebates allowed is one per service connection.
8. No rebate will exceed the purchase price of the item. Sales tax and labor are not rebated.
9. The rebated equipment must be installed at an existing Soquel Creek Water District (**SqCWD**) service address and must be installed prior to rebate request. New development is not eligible for rebates.
10. Rebates are applied as a credit that will appear on a subsequent water bill (see exceptions below). The account must be in good standing to receive a credit. Upon closing an account, any rebate credit balance will be mailed to the account holder. Allow four weeks from the date of rebate approval for credit processing.
11. You will be issued a check in lieu of a credit if: (1) your SqCWD water service is in the name of your Home Owner's Association or Condominium Board and you are the legal property owner of your dwelling unit; or (2) you are the legal property owner (but not the account holder) and you purchased the rebated item(s) for your rental property.
12. Installation of any rebated device, appliance or fixture is the sole responsibility of the applicant, as is determination of the adequacy and compatibility of the existing plumbing system.
13. The applicant is solely responsible for the proper disposal of all materials associated with the installation of rebated fixtures and equipment and the SqCWD assumes no responsibility or liability. Please recycle materials.
14. SqCWD does not endorse specific brands, products or dealers; nor does it guarantee materials or workmanship; acceptance of such is customer's responsibility.
15. SqCWD assumes no responsibility or liability for any damage that may occur to an applicant's property as a result of participation in this program. Due to circumstances beyond its control, SqCWD cannot guarantee that installation of rebated fixtures or measures will result in lower utility costs.
16. The IRS requires all rebate program participants receiving \$600 or more per calendar year in rebates to be issued an IRS Form 1099 unless exemptions apply. If you have received rebates from SqCWD totaling \$600 or more in the current calendar year, you must submit a completed IRS W-9 form (see our website for a copy of this form) with your rebate application to receive a rebate. The Social Security or Tax ID number requested in the rebate application process is in compliance with exemptions to the Federal Privacy Act of 1974, 42 UCS 405(c)(2)(c). Social Security numbers provided as part of the application process are held in confidence under terms of the Privacy Act and are not divulged or otherwise conveyed to individuals or organizations outside the SqCWD Rebate Program.
17. SqCWD may at any time, modify, suspend, or terminate this program without prior written notice.
18. A SqCWD representative must be permitted to inspect the property to verify installation and proper construction if requested.
19. Incomplete or illegible applications will be denied.
