Soquel Creek Water District (SqCWD) offers rebates to residential customers that install qualifying graywater systems to irrigate landscape. Graywater is wastewater collected from the following sources: clothes washing machines, showers, bathtubs, and bathroom sinks. Please see our website at www.soquelcreekwater.org for more information on graywater systems or call (831) 475-8500 for assistance.

This rebate may require a post-installation inspection by SqCWD personnel. To qualify for the rebate, the system must comply with all state and local laws pertaining to graywater systems. Please read all the Rebate Program Requirements on the backside of this Application. All rebate applications require the signature of the property owner (if different than the applicant).

Indicate the graywater rebate type and the total purchase price for all system parts and materials (including any contractor performed labor, permitting or backflow installation costs). Complete the Account & Applicant Information below.

</tbody>
</table>

Complete both sides of application.
See other side for rebate program rules, requirements and signature.
1. Rebate application must be submitted within 90 days of item(s) purchase. An original, dated sales receipt must have itemized cost(s), form of payment and name of vendor. If requesting a rebate of labor costs, an original invoice must be provided with the contractor’s license number. If you need the original receipt(s) returned, please enclose a self-addressed, stamped envelope with your rebate application. For online purchases, a print out of the final invoice and an original packing or delivery slip is required. Purchases of used parts, fixtures, or devices will not qualify for rebate.

2. All rebate applications must be signed by the legal property owner.

3. Backflow protection is required on any graywater system that uses a pump to distribute the graywater. Graywater should not be stored.

4. The rebate applicant must identify and comply with all applicable state and local (i.e. County of Santa Cruz or City of Capitola) laws pertaining to graywater systems.

5. A copy of the building permit must be submitted with the rebate application for all graywater systems connecting to a source other than a clothes washing machine.

6. A representative of Soquel Creek Water District (SqCWD) must be permitted to inspect the property to verify installation and proper construction of all systems not installed by a licensed contractor (self performed labor or non-licensed contractor install). Systems installed by licensed professionals require the contractor’s signature below to bypass the requirement for post-inspection.

7. The maximum graywater system rebate is $1,400 per property for installation of both clothes washer system and dual plumbing system.

8. No rebate will exceed the purchase price of the material(s), contractor performed labor, permitting costs and any required backflow installation. Sales tax is not rebated.

9. The rebated equipment must be installed at an existing SqCWD service address and must be installed prior to rebate request. New development is not eligible for rebates.

10. Rebates are applied as a credit that will appear on a subsequent water bill (see exceptions below). The account must be in good standing to receive a credit. Upon closing an account, any rebate credit balance will be mailed to the account holder. Allow four weeks from the date of rebate approval for credit processing.

11. You will be issued a check in lieu of a credit if: (1) your SqCWD water service is in the name of your Home Owner’s Association or Condominium Board and you are the legal property owner of your dwelling unit; (2) you are the legal property owner (but not the account holder) and you purchased the rebated item(s) for your rental property; or (3) you are the tenant of a rental property but are not the account holder.

12. The applicant is solely responsible for the proper disposal of all materials associated with the installation of rebated fixtures and equipment and the SqCWD assumes no responsibility or liability. Please recycle materials.

13. SqCWD does not endorse specific brands, products or dealers; nor does it guarantee materials or workmanship; acceptance of such is customer’s responsibility.

14. SqCWD assumes no responsibility or liability for any damage that may occur to an applicant’s property as a result of participation in this program. Due to circumstances beyond its control, SqCWD cannot guarantee that installation of rebated fixtures or measures will result in lower utility costs.

15. The IRS requires all rebate program participants receiving $600 or more per calendar year in rebates to be issued an IRS Form 1099 unless exemptions apply. If you have received rebates from SqCWD totaling $600 or more in the current calendar year, you must submit a completed IRS W-9 form (see our website for a copy of this form) with your rebate application to receive a rebate. The Social Security or Tax ID number requested in the rebate application process is in compliance with exemptions to the Federal Privacy Act of 1974, 42 UCS 405(c)(2)(c). Social Security numbers provided as part of the application process are held in confidence under terms of the Privacy Act and are not divulged or otherwise conveyed to individuals or organizations outside the SqCWD Rebate Program.

16. SqCWD may at any time, modify, suspend, or terminate this program without prior written notice.

17. Incomplete or illegible applications will be denied.

I (applicant) have read, understand, and agree to the Rebate Program Rules & Requirements as stated above.
